## There is now a new Strapless Mastectomy Bra for those special occasions.

It is a seamless, molded foam, underwire bra that comes in nude or black. It can be worn strapless or with either clear or matching straps which are included.

**New Colors!** The Trulife 210 "Barbara" bra now comes in Chocolate Brown, Cherise Red and Midnight Navy Blue. These colors may not last forever.

## Great New Products

We now stock several skin care products made with the amputee in mind.

- \* Moisturizer
- \* Barrier Cream
- \* Antifungal Barrier Cream
- \* Odor eliminator

These products are especially useful for those who are prone to irritations caused by wearing suction liners.

## A Seasonal Gift

*Love*

Christmas is the day man has chosen to remember God's son whom He hath chosen. He came to this world as a babe in a manger but the wise men knew this was no stranger. His birth was a gift God sent from above. His death was a gift He gave in love. The gifts He brought should be sufficient to keep His name within the season.

## Merry Christmas

*Mercy*

*Forgiveness*

Christmas is the day that holds all time together.

Wise men still seek him

## The "Pecos Bill"

We mentioned in our last news letter about PECOS but we wanted to mention it again. This only affects you if your primary insurance is Medicare. If your doctor is not on the PECOS system we will not be able to accept his or her prescription until they get on the list. Call our office to see if your doctor is on the list or if you have any questions.

*In the true spirit of the season,  
we express our heartfelt thanks  
for your contributions to our  
success this past year.  
Best wishes to you and your  
family for a joyous holiday  
season and a happy new year.*

## Welcome!

Welcome to all the new patients from  
Prosthetic Solutions!

We're glad you've chosen to  
trust us with your care.

A big THANK YOU to  
David Huggins  
for all his service and  
for recommending us!

Happy Retirement, David!

### When was your prosthesis last inspected?

Like a car or any other mechanical device, a prosthesis can wear out. It needs to be checked regularly for signs of wear and any possible risk of failure. A prosthesis should be inspected **at least once a year** to make sure it is safe and to perform maintenance needed to extend its' useful life.

We recommend a six month  
inspection interval.  
If your prosthesis has not  
been checked within the  
last year, please call  
and arrange a free  
inspection to  
be safe.

*We will gladly file your insurance  
claim for you.*

*A prescription will be needed in order  
to file your claim.*

### Tis the season

Like many families,  
ours tries to get together  
during the holiday season.

We will be in and out a lot the  
week before Christmas so  
our office will be **closed** on  
**Dec. 20-24 & Dec. 31.**  
We will be checking  
our messages daily.

  
**Merry Christmas**
